# Overview

This is a volcano climbing holiday, with an exciting mix of adventure, cultural exploration, and relaxation. In addition to summiting five major volcanoes, we will visit some of the most iconic highlights of Java, Bali, and Lombok, with opportunities to swim, snorkel, and unwind on the beach. Indonesia, situated at the convergence of three tectonic plates, has more active volcanoes than any other country, making it an unparalleled destination for those seeking spectacular landscapes and geological wonders.

Our journey begins with a visit to Borobudur, the world's largest Buddhist temple, a UNESCO World Heritage Site known for its intricate carvings and awe-inspiring structure. From there, we kick off our volcano adventure with Merbabu (3,145m), an extinct stratovolcano offering panoramic views from its summit. Next, we experience the otherworldly landscapes of Bromo (2,329m) and Kawah Ijen (2,368m), where we will witness the famous sulphur miners at work and marvel at the turquoise crater lake.

Crossing over to Bali, we trek to the summit of Mt. Batur (1,717m) before spending time in Ubud, a cultural hub surrounded by lush rice terraces. From Bali, a speedboat takes us to Lombok, where we embark on a trek to the summit of Rinjani (3,726m), Indonesia's third-highest volcano. Standing at the peak for sunrise is a truly unforgettable experience. We conclude our adventure with well-earned relaxation in Bali's coastal town of Sanur, known for its palm-fringed beaches, calm waters, and surf-friendly shores. This final stop offers the perfect setting to unwind before heading home.

## Is this holiday for you?

This is primarily a trekking adventure, with well-planned intervals for relaxation and cultural exploration. The trekking routes cover a variety of terrains, including jungle trails, village paths, and steep volcanic scree. Trekking poles are highly recommended for stability and support. Most trekking days involve 4 to 6 hours of walking, with some early morning starts to reach summits in time for sunrise. The ascents of Merbabu (3,145m) and Rinjani (3,726m) present the greatest challenges, requiring 8 to 11 hours of trekking, including some steep and loose trails. While the Rinjani summit push is optional, those attempting it should be prepared for demanding conditions at high altitude. We will experience two nights of supported wild camping, with all necessary equipment provided, including sleeping bags and camping mattresses. Porters will carry camping equipment, so you will only need to trek with a day pack. With an incredible blend of physical challenge, cultural immersion, and stunning landscapes, this trip offers an unforgettable journey through Indonesia's most spectacular volcanic regions.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

## Meal Plan

All breakfasts, 10 lunches and 9 dinners are included in the holiday price.

## Food & Water

### Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Rice is the basis of nearly all Indonesian dishes and is usually served with fish, chicken, or vegetables. Food can run the gamut from mild to fiery hot - so there will be plenty to please all palates. Three traditional dishes, nasi goreng and mie goreng (fried rice and fried noodles, similar to their Chinese or Japanese counterparts), and gado gado (a tofu salad with thick peanut dressing) can be found everywhere and are a fantastic introduction to the flavours of Indonesia. Every town has at least one market, providing an incredible range of fresh fruit and vegetables, and these form an important part of most Indonesian dishes. The meals on the trip will be a mix of traditional Indonesian dishes and more familiar international dishes. When staying in hotels or lodges we will take our meals at the accommodation or in nearby restaurants. On the overnight trek on Rinjani, we have a cook to make our meals.

## Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

## Accommodation

We will stay in a variety of comfortable hotels, many of which have swimming pools, and in the mountains, we will stay in more basic lodges and guesthouses. We will spend two nights camping on Mt. Rinjani (camping equipment, including a sleeping bag and camping mattress, is provided). Rooms at hotels and guesthouses are en suite and twin-share, with the exception of the resthouse in Selo prior to the ascent of Merbabu, where we will stay in a dormitory. If you are traveling by yourself, you will be paired with another single client of the same gender. Single rooms are available for a supplementary cost. If you are planning to extend your holiday, additional nights at the group hotel are available on request.

## Group Leader & Support Staff

The group will be led two separate professional and qualified tour leaders. There will be a Javanese Tour Leader who will accompany the group until reaching Bali. On arriving in Bali you will be met by your Balinese Tour Leader who will escort the group for the remainder of the holiday. During the trek on Rinjani, we will have the assistance of porters to group camping equipment.

## Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

## Spending Money

A total of around £200-£250 should be allowed for miscellaneous expenses and non included meals. This amount will also cover reasonable tips to local staff. You will need to pay directly for a total of 5 dinners and 3 lunches and you should budget around £5-£10 for each of these non included meals. If you are intending to buy expensive souvenirs or considerable quantities of soft drinks or beer, you should make an allowance for this. If you would like to take part in any of the optional excursions, you can expect the costs to be as follows: Snorkelling Day 7 - £60 (based on a group of 2), Temples and Terraces excursion Day 9 - £60 (includes lunch) (based on a group of 2), both excursions are payable directly. There will be the opportunity to change money into local currency on arrival at the airport and your local leader will advise the best places to change money en-route and at borders. Additionally, you will be able to get currency from bank ATMs in many of the towns that we will visit. Credit cards are useful and it is a good idea to carry one in case of emergency.

## Guidance on Tipping

Tipping is the accepted way of saying 'thank you' for good service. Tips do not form part of the wages of our local staff but they are very much appreciated. It is important to remember that tipping is voluntary and should be dependent on good service. The amount to tip is up to you but we suggest that you discuss this as a group and make tips from the group as a whole. As a rough guide, we recommend that you can expect to contribute around \$75 to the group tips 'pool'.

## Baggage Allowance

For this holiday you should take one piece of luggage and a daypack. During the 2 day trek on Rinjani you will leave your main luggage at your hotel and you will need a rucksack large enough to carry what you need for the trek (warm clothes, water, camera etc). During the trek, the camping equipment including your sleeping bag and mattress (provided) will be carried by porters. For international flights please check your baggage allowance with your airline.

## Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

### Currency

The unit of currency in Indonesia is the Indonesian Rupiah (IDR)

### Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking for around 6 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

## Climate

Lying on the equator, the temperature in Indonesia is relatively high year-round. We can expect daytime temperatures at lower elevations to be as high as 34°C with high humidity. During the trek and climbs in the mountainous areas, the daytime temperature will be a very pleasant 20°C and with considerably less humidity. At night in the mountains the temperatures can drop surprisingly low, sometimes reaching or even dipping below freezing point. This part of Indonesia receives most of its rainfall between December and February. In the dry season which extends from May to November we can expect sunshine on most days. Occasional rainfall can occur in the dry season but this tends to be during the night or in the early morning.

## Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](https://www.travelaware.gov.uk)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at [travelaware.campaign.gov.uk](https://travelaware.campaign.gov.uk) and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: [www.travel.state.gov](https://www.travel.state.gov) for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

## Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
