Introduction

Stretching 120 kilometres from the Wara Warani in the north to the Chucura Valley in the south, the Cordillera Real is a truly impressive mountain range, with a host of high peaks, including 6 over 6000 metres. KE's 3 week trekking holiday, which explores the southern section of this 'Royal' range, is a genuine classic; keeping to high trails where possible and crossing several passes close to, and over, 5000 metres. During our 3 week walking extravaganza we'll enjoy a great diversity of scenery, including lovely alpine valleys with picturesque lakes, snow-capped Andean peaks and scattered indigenous Quechua villages. Before setting off on trek, we'll have time to explore La Paz, the highest capital city in the world, and spend time acclimatising beside the wonderful Lake Titicaca, where we'll visit Copacabana and even enjoy a night in an ecolodge on the Isla de Sol, famous for its Inca temples and pathways. Bolivia is the jewel in the crown of the Andean countries, with its spectacular landscapes, fascinating history and the friendliest people in South America.

Is this holiday for you?

This is a reasonably long and continuous trek, with a considerable amount of ascent and descent. The complex nature of the route, linking high mountain valleys, gives this trek a great deal of character, but it also means that there are several passes to cross - almost one every trekking day. Having said that, we have allowed plenty of time to complete the route, with a couple of extra days being included within the schedule to allow for any contingency. This is an established trekking route, and we will be following a good trail throughout, with underfoot conditions ranging from Inca stone steps, to easy grassy tracks, to rocky passes and scree. All baggage and camping equipment is carried by pack-animals, so you will only need to carry your day pack each day.

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Galapagos Islands Cruise

Create the perfect holiday-of-a-lifetime by adding an exploratory cruise of the stunning and unique Galapagos Islands

Needing little in the way of introduction, the Galapagos Islands are one of the most pristine natural environments left on Earth. Over 600 miles separate them from mainland Ecuador, meaning they have enjoyed splendid isolation and provide a habitat for a bewildering array of birds, reptiles, mammals and sea life you simply won't find anywhere else.

We have a variety of ships and itineraries and you can choose from two levels of service - Standard and Upgraded, many of which are more affordable than you may have thought. Itineraries are typically between 7 and 10 days which is the optimum length for visiting this natural paradise. During your cruise you will visit a number of the islands, each distinct and renowned in their own right. Sometimes these will be 'dry' landings where you step onto a pier and at others you will make 'wet' landings where you reach the island by small inflatable boats and step directly onto the beach. Every boat has a slightly different itinerary but all are focused on seeing as much of the amazing Galapagos wildlife as possible. There is also plenty of time for relaxation and for swimming and snorkelling from the boats. All of our itineraries begin and end in Quito and include the flight out to the islands.

Please contact us for details on availability, itinerary options and pricing. *(Sample itinerary detailed below)*

You might also want to consider our 10 day [Galapagos Islands Adventure](#), for a more active and immersive experience of these diverse islands. This shore based trip stays in cosy small hotels and guesthouses, allowing us to experience the beaches and wildlife in the early mornings and evenings when the main tourists have disappeared on their boats. Alternatively, if you are looking for something a more luxurious why not spoil yourself on one of our [Galapagos Cruises aboard the luxury Monserrat Motor Yacht](#).

Book this trip as a stand alone tour or in addition to any of our Latin America holidays.

The journey continues with a spectacular train ride through the Andes to Machu Picchu, where you'll enjoy a guided sightseeing tour of the breathtaking Inca citadel. Joining Arrangements & Transfers

The group will meet at the hotel in La Paz.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

Where there is a wide range of dining options available it makes sense to leave the choice of what to eat and how much to spend to you and we have therefore not included in the holiday price, meals other than breakfasts, while staying in hotels in La Paz and Copacabana.. All breakfasts, 15 lunches and 13 dinners are included. We recommend you budget between US\$15 to US\$25 per meal including wine for none included meals. Whilst on trek all meals are provided.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

A wide range of restaurants is available in La Paz and in Copacabana on Lake Titicaca. On trek, the food is a mixture of local and international dishes, cooked for us by highly trained trek cooks. The emphasis is on a high carbohydrate diet with foods which we have found to be easily digestible at high altitude. Breakfasts include fresh fruit, porridge, pancakes or eggs; with plenty of bread and jam, and tea or coffee. Lunch is normally a picnic consisting of fresh fruit, salad plus bread, cheeses, cold meats, avocado with juices, tea and coffee. Dinner will be a three course meal of a variety of dishes freshly prepared by the trek cooks.

Accommodation

During this trip the group will spend 3 nights in a comfortable hotel in La Paz, 3 nights in comfortable hotel accommodation in Copacabana beside Lake Titicaca and 1 night in ecolodge accommodation on the Isla del Sol. Whilst on trek there will be a total of 10 nights camping and 2 nights in a refuge in shared dormitories. With exception of the Refuge all accommodation is based on twin sharing. If you are travelling by yourself you will be paired up with another single client of the same sex. It is possible to hire a single tent while on trek for an additional cost. Please note single tent hire does not include single rooms in hotels. For the 7 hotel nights, single rooms are available for a supplementary cost. Additional hotel nights in La Paz are also available.

Group Leader & Support Staff

The group will be accompanied by an professional English-speaking local leader plus a local guide and a full trek crew including cook, camp staff and baggage animals.

Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

Spending Money

We estimate that US\$400 will be sufficient to cover your personal spending including the above mentioned non-included meals. This amount should also cover tips for the muleteers and other trek staff (we recommend US\$80 - 100). It is not necessary to purchase local currency (Bolivianos) before you travel. Credit and debit cards can be used to obtain cash at ATMs in La Paz .If you are bringing your travel money with you, we recommend that you do this in the form of cash US dollars, as you will be changing the majority of your money on the day of your arrival. Note that travellers cheques can sometimes be difficult to exchange and normally have a poorer rate than cash. Credit cards can also be used to purchase some goods and at some restaurants in La Paz.

Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and trek staff and muleteers. They do not form part of their wages. KE always pays local crews the best rates of pay, no matter what country they are in and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. We recommend that you give a tip to your local staff if you feel that their services have met your satisfaction. This is best done from the group as a whole rather than from individual group members. As a rough guide we suggest you allow a total of US\$80 - 100 (converted to local currency) for these tips. Lots of small denomination notes are useful as we need to change pack animals and their drivers every few days. Your trek leader will advise on how much and when to give these tips.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft duffel bag and a daypack. Your bag on trek will be carried by pack animals and should not weigh more than 15kg. It is possible to leave extra baggage at the hotel in La Paz. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

Currency

The unit of currency in Bolivia is the Boliviano.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking or climbing holiday, getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. Our treks can be physically demanding, but more as a result of altitude and terrain than distances walked. We would suggest that you adopt a weekly exercise regime. Running and swimming are good for developing aerobic fitness and better stamina. You should gradually increase your exercise leading up to departure, and in the month before setting off, we suggest that you try to fit in a number of long walks in hilly country.

Climate

Bolivia's dry and sunny winter season lasts from the end of April to October, and during this period the weather can be expected to be excellent for trekking and climbing. The days are relatively warm, up to a maximum of 20 degrees centigrade - although it can feel warmer than this in the strong sunlight. Night-time temperatures will drop to around freezing point above 3500 metres, and above 4500 metres the temperature can vary from 20 degrees centigrade to minus 20 degrees centigrade during a 24 hour period.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
