Introduction

This excellent trekking holiday in Jordan takes us from the Dana Reserve, southwards to the ancient 'Rose-Red City' of Petra. This trek has rapidly gained a reputation as one of the finest in the Middle East. Six days of trekking takes us through the most rugged country in Jordan, straddling the edge of the great Rift Valley. Starting out from Wadi Feinan in the Dana Nature Reserve, the trek takes us on hunters' trails through deep gorges and across high ridges, climbing gradually from around 300 metres at Feinan to around 1100 metres at the high viewpoint above Petra. Nights will be spent camping Bedouin-style with the local guide and crew. Crossing a final escarpment, we reach the spectacular 'Monastery', which heralds our arrival at Petra - one of the world's 'New 7 Wonders'. The route from Dana to Petra is now part of the 'Jordan Trail' which spans the length of this interesting and diverse country. The 'Jordan Trail Trail is a 400-mile (650 km) hiking trail that runs from Umm Qais in the north to Aqaba in the south and the Dana to Petra section is probably the most beautiful part. This great adventure follows in the footsteps of many explorers and is a magical week of discovery, walking and above all, Jordanian hospitality.

Is this holiday for you?

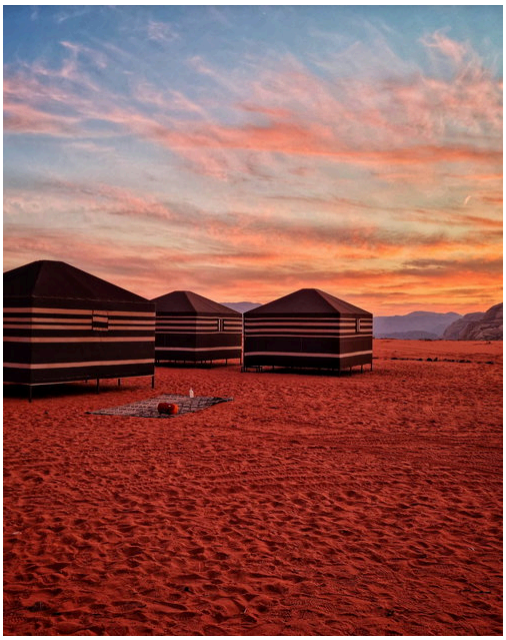

On this holiday we will be trekking through a desert world that has been crossed by nomadic people and their livestock for generations. Nowadays, the area is just about accessible by 4WD vehicles and there are rough 'roads' to the various camping places that we will use. We will be trekking on scant trails, however, far away from the route taken by our support vehicle. The underfoot conditions will include dry wadis, open sandy desert and rocky desert known as 'hamada'. There are also sections of narrow trail across rocky terrain including some easy scrambling. The tracks and trails we use are generally not difficult. We will walk for an average of 5 to 6 hours on each of days 2 to 6, covering as much as 15 kilometres each day and with a reasonable amount of ascent and descent. This is a relatively short trekking holiday and at low elevation.

Extensions

When booking your holiday, you will be able to 'add an extension option'. Once we have received your booking we will contact you to discuss additional services required for the extension and to take any additional deposit.

Wadi Rum and the Dead Sea Extension

Arriving at Wadi Rum, you will meet your Bedouin hosts and have the rest of the day to soak up the desert atmosphere, before settling down to sleep either in one of our traditonal goat's hair tents, or outside under the canopy of stars - your choice! Day 2 is a full day of trekking in the region with a second night under canvas in the Wadi Rum National Park. On Day 3, we leave the desert for the salty-low of the Dead Sea. With free time to soak in the saline waters, before heading onto Mount Nebo and our accommodation in Madaba.

Red and Dead Sea Extension

Aqaba on the Red Sea, with its warm temperatures, is the perfect place for some relaxation after your adventure holiday. It is said that some of the best snorkelling and diving in the world can be found in here. The lack of strong currents, together with the warm sea temperature, creates perfect conditions for coral growth and this has resulted in fabulous underwater life. You can also swim with sea turtles and dolphins amongst schools of multi-coloured fish or take a glass-bottomed boat ride over the reefs. There is also, of course, the option to simply relax in the sun on the sandy beaches.

Located 15 kilometres from Aqaba town centre, the Marina Plaza Hotel has great access to the beach and diving. This contemporary hotel boasts a superb coastal location, with a pleasant sandy beach. It has a pool, restaurant and bar, a spa and access to the private beach club with a full service beach bar. There is also a free shuttle bus 5 times a day into Aqaba town centre. From the hotel you can book or hire equipment for snorkelling, diving, boat trips, banana tubing, canoeing and beach volleyball. Other excursions or activities such as sailing, windsurfing and PADI courses are also possible from Tala Bay. The hotel has a Green Key certificate for its environmentally friendly practices.

Instead of travelling back from Aqaba to Madaba on the last afternoon of your main trip, you will take a private transfer directly to your hotel. After 2 nights in Aqaba, we depart for the salty-low of the Dead Sea. With free time to soak in the salty waters, we head onto Mount Nebo before continuing onto our accommodation in Madaba. The final morning requires an early start for our 30-45 minute private airport transfer to Amman for our flight home.

Depending on your preferred airline, it may be possible to fly from Aqaba. Please ask for further details.

Guided tour of Jerash

Enjoy a full day exploring and learning about the main sites of the ancient city with a private guide. Jerash is one of the best preserved Roman cities in all of the Middle East and only an hour north of Amman. Within the remaining city walls archaeologists have found ruins of settlements dating back to the Neolithic age, indicating human occupation for more than 6500 years. Jerash is most famous for its Triumphal Arch, the Hippodrome, baths, and the wide street of columns leading to the Temple of Artemis.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals except 1 dinner are included in the holiday price. Dinner on the first evening in Madaba is not included. Most group members will arrive late in the evening having taken dinner on the plane. For those arriving earlier the hotel has a restaurant or there is a wide range of dining options nearby (allow £10 - £15 for a dinner).

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a Water-To-Go bottle) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Breakfasts on trek consist of bread, a variety of cheese, honey, jams, yoghurt, fruit, tea and Nescafe. For lunch there will be a variety of salads, spicy humus, breads and other dishes from which we can select, or a full packed lunch. Dinner will usually be a soup followed by barbeque or pan fried meat and vegetables with plenty of bread, yoghurt, and humus followed by fresh fruit and tea or coffee. Mineral water is provided. Vegetarians can be catered for.

Accommodation

We will spend 1 night in a comfortable family-run hotel in Madaba and 1 night in a similar standard of hotel in Wadi Musa (Petra). All rooms are en suite.

Whilst on trek there are 5 nights supported camping. When camping, we provide 2-man tents, but it is quite usual for group members to find a secluded spot in the dunes (or by the campfire if preferred) and to sleep out under the blanket of stars. There will also be a basic toilet tent and washing facilities.

Accommodation is twin share. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. If you are planning to extend your holiday, additional nights are available on request.

Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. In addition during the trek, there will be a Beduoin trekking guide and a support crew of one or more drivers who will assist with the cooking.

Altitude

This holiday does not involve any significant ascent to altitude and we would not expect any altitude issues with this trip.

Spending Money

Approximately £100-£125 (or the equivalent in US dollars or euros) should be allowed for miscellaneous expenses and the cost of your visa. You should carry your travel money in the form of cash and you should exchange the majority of this on the day of your arrival at the airport in Amman. Sterling, Euros and US dollars can easily be exchanged in Jordan. The unit of currency is the Jordanian Dinar (JD). You should also allow a total of approximately £70 for tips to your drivers, local guides and trek crew. The cost of the Petra visit is included in the trip price. If you are intending to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). Also, if you expect to buy considerable quantities of drinks or other refreshments, you should allow for this.

Guidance on Tipping

Tips are the accepted way of saying ‘thank you’ to your local guides and porters. Tips do not form part of the wages of local staff but are seen as a personal thank you from group members. KE always pays local crews the best rates of pay, no matter what country they are in. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given. For your trek crews we recommend that you give a tip if you feel that their services have met your satisfaction. We recommend that tips be given from the group as a whole rather than individually and as a rough guide we suggest a contribution of £70 from each group member should provide an adequate 'pool' for tipping your crew.

Baggage Allowance

During the trip your baggage will be carried by bus and by 4WD vehicles. The only baggage limit is that which is imposed by your airline. However, Jordan is a hot country and you will not require any heavy clothing, nor are you required to bring a camping mattress. Travelling light will also make transiting airports a much more pleasant experience for you.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the ‘Dates and Prices’ table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

The unit of currency in Jordan is the Jordanian Dinar.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking holiday, getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. For this trip you need to be aerobically fit and comfortable with walking up to 5 or 6 hours each day for several days continuously. There are some easy scrambling sections during this trip and although these not difficult or dangerous you should be coomfortable also with a degree of exposure. We would suggest that you adopt a weekly exercise regime leading up to departure. Regular walking in hill or back country is the best preparation but if this is not possible, regular exercise with your preferred sport or pastime such as jogging, squash and swimming, will develop better fitness and stamina. Before departure, we suggest that you try to fit in a number of long walks in hilly country.

Climate

The best period for trekking in Jordan is in the late autumn through to early spring season, from October through to mid April. Outside of this period it can be very hot, with temperatures, rising to 40°C in July and August. In October and in April, the maximum daytime temperature is likely to be in the high twenties or low thirties °C, falling as low as 10°C at night. Heading into November the temperatures begin to cool and by December/January, typical daytime maximum temperatures are around 12 - 15 °C falling as low as 5°C at night. In December and January it can even snow in Amman.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's **'Travel Aware'** campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. All other nationalities should check their government websites for relevant information.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Why Choose KE

Why KE

Our Dana to Petra trek is a flagship KE adventure and consistently one of our most popular. Using remote sections of the Jordan Mountain Trail, we explore the wild desert on routes few visitors ever see. The journey culminates with our special ‘backdoor’ approach into Petra, emerging below the Monastery in one of the most memorable entrances to the ancient city.
