Introduction

North of the laid-back, lakeside city of Pokhara, the huge mountain massif of the Annapurnas is one of the most popular trekking destinations in Nepal. The highest peak, Annapurna I, was the first 8000-metre peak to be climbed and there are several other summits above 7500 metres in this accessible and magnificent Himalayan range. The circuit of the Annapurnas via the Thorung La is long-established as one of the world's great mountain walks, whilst the trek into the spectacularly enclosed Annapurna Sanctuary provides exposure to the very best of Nepalese culture and landscape. KE is the only company offering a combination of these 2 treks within a single, brilliant 3-week holiday.

Trekking beside the Marsyangdi River, the first part of the itinerary leads to the north side of the Himalaya and into a high valley where the largest village is at Manang and the people are of Tibetan buddhist descent. There is a stunning cliff-side monastery at Braga and great views of the Annapurnas from the north. Beyond the high point of the circuit at the Thorung La (5416m), the route drops down to Muktinath in the Kali Gandaki Valley. Then, after driving to Tatopani, the second phase of the trek heads up to Ghorepani and Poon Hill, before continuing, amongst forest and picturesque farmland, into the Sanctuary. Combining the 2 most famous trails in the region, this is a classic trek and, without doubt, the ultimate Annapurna experience.

Is this holiday for you?

This Annapurna Circuit and Annapurna Sanctuary lodge trek is quite sustained but offers relatively straightforward trekking conditions throughout, following excellent trails which are well-served with tea-houses and lodges. The trek has a number of quite long days and the crossing of the Thorung La will present a significant challenge to the regular hill-walker. It should be noted that trekking at altitudes above 3000 metres makes greater demands on the body than walking at low elevations, and is of itself challenging even for fit hikers. Our itinerary is well staged to allow the best possible acclimatisation but you will need to ensure you are physically prepared for the trek. You should be comfortable with walking for 5 to 7 hours each day and for several days continuously.

The jungles of southern Nepal are an interesting counterpoint to trekking in the foothills or the high Himalaya. Tiger Tops Tharu Lodge provides a relaxing and comfortable base for a wildlife safari and cultural village experience. During two days of wildlife viewing in the Chitwan National Park 'buffer zone' - the interface area between visitors and the animals that live at Chitwan - you will be accompanied by expert guides on safaris by jeep by boat and on foot.

An exploration of the valley's historic and cultural sights is an excellent way to begin or end your adventure in Nepal. Highlights of this tour includes a very early drive up to Nagarkot on the Kathmandu Valley rim, the perfect place to watch a Himalayan sunrise. Meal Plan

All meals are included in the trip price from dinner on Day 1 to breakfast on Day 22 of the land Only itinerary.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide for special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your meals with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Food & Water

Drinking Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a Water-To-Go bottle) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

Breakfasts on trek will generally be a set meal including porridge, bread with jam and/or honey and a small omelette or hard-boiled egg, together with tea or coffee. Lunch will be a set, single-course meal with tea or coffee. Dinner will be a set 3-course meal; soup, main and a simple dessert with tea or coffee. The lodges will typically provide Nepali dishes such as rice and dal, as well as 'international' dishes like pizza and chips. So that the group can eat dinner together, your trip leader will pre-order the main course, alternating daily between local and international dishes. If you wish to order additional dishes and/or snacks, you should budget accordingly. Boiled drinking water is provided at breakfast, lunch and dinner. All the lodges and tea-houses sell snacks, chocolate bars, soft drinks and beer. In Kathmandu we normally choose one of the excellent restaurants in the city for dinner.

Accommodation

In Kathmandu we use comfortable 4 and 5 star accommodation including the Hotel Shanker and the Shangri-La Hotel. Located in the heart of the city, these hotels offers a range of first-class facilities including pleasant tree-shaded garden areas complete with swimming pools. The group will also spend a night in Pokhara at a tourist-class hotel near the lake. Whilst on trek there are 18 nights in lodges. Accommodation is generally arranged on a twin sharing basis and if you are travelling by yourself you will usually be paired up with someone of the same sex. Please note that at one or two of the higher lodges we may be forced to use multi-bedded rooms. Nepalese trekking lodges are simple, friendly and atmospheric. They generally have heated dining areas which are often attractively decorated. Bedrooms are, however, basic and unheated with wooden beds and foam mattress. You will need a sleeping bag. The lodges have shared washing and toilet facilities. Some lodges have solar powered showers (charged at $2 - $3 per shower) and battery charging facilities (also charged at a rate per hour). Staying at the lodges is a great way to meet fellow hikers and the locals. For the 3 hotel nights single rooms are available at supplementary cost. It is not possible to arrange single accommodation in lodges. Additional hotel nights in Kathmandu can also be pre-booked.

Internal flights

Access to the high and remote areas of the Himalaya where our treks start is often only possible using internal flights. The changeable nature of mountain weather makes flying conditions complex. In addition, the Civil Aviation Authority of Nepal does not operate to the same standards as those of western nations and all airlines in Nepal appear on the UK Air Safety List (ASL), and are banned from operating commercial air services to, from, and within the United Kingdom. Flying in Nepal is an acknowledged risk, and the UK Foreign and Commonwealth Office travel advice provides further details which you can read on their website. KE is mindful of its duty of care to clients travelling with us in Nepal and we are stakeholders in an annual independent air audit of Nepal airlines undertaken by UK tour operators. KE only uses airlines in Nepal which have been approved by this audit. We continue to cooperate with other tour operators to monitor aviation safety in Nepal and will ensure we remain a stakeholder in any further air safety audits. While we have taken appropriate action to try to minimise the risks of flying in Nepal, you should be aware that flying in mountainous terrain is not without any risk.

Please note that poor weather can cause delays on internal flights. If at the start of your holiday internal flights are cancelled for the day, you will spend an extra night near the airport (this may be at a hotel other than the group hotel). On the majority of trips there is enough flexibility in the trekking itinerary to make up 1 or possibly 2 lost days, but an alternative trek will be provided if delays to internal flights mean the original itinerary (or a shortened version of it) is no longer feasible.

For trips that end with an internal flight out of the mountains with no alternative road access, we have included 2 nights in Kathmandu as a contingency against delay. In the extremely unlikely event that a delay to your internal flight causes you to miss your homeward international flight, KE will re-book international flights for Flight Inclusive clients, but please be aware that clients booking on a Land Only basis will be responsible for re-booking their onward travel and for any associated costs. We advise you to take out suitable travel insurance and to keep your receipts, as you may subsequently be able to make a claim.

Group Leader & Support Staff

The group will be led by a professional and qualified Nepalese tour leader, assisted by an experienced team including Sherpa guides and porters.

Altitude

This holiday involves going to very high altitude. During the course of your trip you will be spending at least one night above 4000 metres and/or trekking to 5000 metres or above. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on trekking at high altitude. Unless you have previous experience of trekking above 4000 metres you should consult one of our trekking experts before embarking on this holiday. On this trip we carry a portable altitude chamber (PAC-bag) and/or bottled oxygen for use in emergencies.

Spending Money

Approximately £250 to £300 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including porter and trek crew tips, beer, soft drinks etc. It is not necessary to obtain local currency prior to departure. Sterling, US Dollars and Euros are equally acceptable for exchange in Nepal. Please note: Scottish and Northern Ireland bank notes are not accepted in Nepal. We recommend that you carry your travel money in the form of cash, since you will exchange the majority of this on the day of your arrival in Kathmandu. If you prefer not to carry all of your spending money in cash, it is possible to withdraw money from ATMs in Kathmandu using your debit or credit card. During the trek it is possible to buy snacks, chocolate, soft drinks and beer on most days. Please be aware that since everything has to be carried up, these items become more expensive as you gain altitude.

Guidance on Tipping

Tipping is the accepted way of saying thank you for good service. Normally the porters and any other trek staff are given their tips at the end of the trek and this is best done as a group. Your Nepali tour leader will advise the group on an appropriate level of tipping. Most groups will hand out the tips with a bit of ceremony (or sometimes a party) on the last evening, to mark the end of the holiday. As a guide, we recommend that each group member contributes around £120 (in rupees) to these tips - although the amount you give is entirely up to you. At the end of their trek many people also like to donate various items of equipment to the porters and trek staff who work so hard to make the trip a success. Boots, gloves, hats, scarves and even socks are always warmly received by the porters. Your tour leader will make arrangements for a fair distribution (possibly by raffle) amongst the trek crew. Please note that you will have the opportunity to tip your tour leader separately (and additionally) during dinner on the final evening of the holiday.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

Your main item of luggage should be a sturdy kit bag, duffle bag or similar which will be carried during the trek by porters animals and must weigh no more than 15kg. If you are picking up a sleeping bag and down jacket from KE in Kathmandu, you need to factor in the weight of these items (around 3kg) and allow space in your bag for them. You should also take on your holiday a daypack of approximately 30 litres capacity. It is possible to leave items not required on trek at the hotel in Kathmandu. For your international flights, please check the baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the ‘Dates and Prices’ table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders.

A passport with 6 months remaining validity at the end of your stay is generally required**,** and you should have at least 2 blank pages for each country that you visit.

For other nationalities, please refer to your own Government website for the latest information.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates *(see Health & Vaccinations below),* **and visas for your holiday.** Please ensure that you check the FCDO for the latest advice for **each country visited** before travel.

If you are travelling via India (Delhi or Calcutta) to your destination you may also require a visa for India. This may apply even if you are not leaving the airport unless your baggage has been checked all the way through to your destination. Generally, if you use the same carrier for both legs of your journey, you will not need an India Visa. Please download the detailed information document: Visa PDF India.

Visa Nepal

All nationalities require a visa. The visa process is partly automated and the fee is $30 for 15 days, $50 for 30 days, $125 for 90 days. The visa is FREE for children under 10 years. The visa allows multiple re-entry. Payment must be made in cash and USD, GBP or Euros are accepted.

Part of this on-arrival visa process involves filling in a 'Tourist Visa Application Form' and you can simplify the procedure at Kathmandu Airport by filling this form in online (**within 15 days of travelling**) at this link. This generates a receipt which you present (hard copy or saved on your phone) on arrival. This should allow you to go straight to the cashier to pay for your visa and has the potential to save you time in the visa queue.

Whilst these are not now needed for the visa process, we recommend that you travel with at least 2 spare passport photographs.

NEW REQUIREMENT - FNMIS - Foreign Nationals Management Information System

The Nepalese Department of Immigration has introduced this system which aims to assist in the tracking of foreign nationals when in Nepal. It is intended to streamline service delivery and to ensure the safety of travellers. It does not collect any additional personal data beyond that which is already obtained through existing immigration procedures.

You are required to download app before travelling. Use the app download links below:

• iOS: https://apps.apple.com/us/app/department-of-immigration/id6749536250

• Android: https://play.google.com/store/apps/details?id=com.govnp.doi

Please Note: The system is not yet operating smoothly and if you have problems accessing the app or making it work, you can travel without it. You will be assisted to register on arrival in Nepal and your details can still be entered manually if necessary at hotel check-in, airport etc..

Health & Vaccinations

Vaccinations:

You should be up to date with the routine vaccinations recommended in the UK for overseas travel.

You must also contact your doctor or travel clinic to check if there are specific vaccinations or other preventive measures that you need for the area you are visiting, in good time before you are due to depart.

Please ensure you are looking at the recommendations for all countries visited on your holiday plus recommendations for any borders you cross.

On holidays to more remote areas you should also have a dental check-up.

It is your responsibility to ensure that you have the correct travel documents including vaccinations and health certificates.

Please check the FCDO and Travel Health Pro. For all of your intended destinations for up-to-date advice.

Severe Allergies:

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips.

Currency

The unit of currency in Nepal is the Nepalese Rupee.

Preparing for your Holiday

It makes a lot of sense to spend some time before coming on a trekking holiday getting some additional exercise. The fitter you are, after all, the more enjoyable you will find the experience. We suggest that you adopt a weekly exercise regime leading up to your trip. Regular hiking in hill country is the best training but jogging, squash and swimming are also good for developing cardio vascular fitness and stamina. We also suggest you do some reading about the culture of Nepal and its various ethnic groups.

Climate

October to November and March to May are the best times for trekking in Nepal. These months either side of the summer monsoon season are neither too hot in the foothills nor too cold in the higher elevations. Pre-monsoon is the time to see the colourful blooms of the rhododendron at lower elevations. The post-monsoon months usually offer the clearest skies and the most settled weather. At either of these periods you will encounter a wide range of daytime temperatures during your trip from approximately 25ºC in Kathmandu to approximately 14ºC at 3000 metres and approximately 3ºC at 5000m. The 'real feel' temperature in the middle of the day will be much warmer than this. At night in the rarefied air the temperatures plummet. You can expect to experience overnight temperatures below freezing once above approximately 4200 metres and at our highest camps night time temperatures may drop as low as minus 10 or more rarely to minus 15ºC. Extended periods of rain or snow are very unlikely outside of the monsoon period but short lived storms can and do occur.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's **'Travel Aware'** campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. All other nationalities should check their government websites for relevant information.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Trekking Poles and Footwear Traction. For this trip you must bring a pair of trekking poles and appropriate footwear traction such as the excellent Kahtoolah Microspikes. These will provide valuable assistance and help to prevent accidents on any slippery, icy or snow-covered sections of trail.
